Marcello Caiola : A Manual for Country Economists: 1 (Training Series, No 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Manual for Country Economists: 1 (Training Series, No 1):

This Manual, addressed mainly to new staff members in the area and functional departments of the IMF, presents different ways to tackle specific problems that desk economists encounter in analyzing country data. This guide presents an approach to analyzing financial developments in a country and to evaluating the quality of data at the disposal of the staff.
