Victoria Higgins : Alliance Capitalism, Innovation and the Chinese State: The Global Wireless Sector (International Political Economy Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Alliance Capitalism, Innovation and the Chinese State: The Global Wireless Sector (International

Political Economy Series):

This book analyses how key 'systems integration' technical pressures, and the increasing use of collaborative alliances for market and product development are impacting on the socio technical policy directives of Chinese State leaders and the strategic behaviour of key Chinese high technology firms operating in the global wireless sector.

About the Author Victoria Higgins is a teaching associate at Monash University, Australia, and holds a PhD in Political Science and International Relations from the University of Queensland, Australia. She has previously held teaching positions at the University of Queensland and the University of Melbourne. Victoria's research is centred around high-technology development in China with a strong focus on strategic agency and complex systems theory.
