International Monetary Fund : Balance of Payments Textbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised Balance of Payments Textbook:

1 of 1 people found the following review helpful. good additional readBy statistical heroThis book is maybe not as good as the balance of payments manual to which it is related, but it's an easy read with a certain twist. No-one with a serious interest in balance of payments statistics should miss it!

The Balance of Payments Textbook, like the Balance of Payments Compilation Guide, is a companion document to the fifth edition of the Balance of Payments Manual. The Textbook provides illustrative examples and applications of concepts, definitions, classifications, and conventions contained in the Manual and affords compilers with opportunities for enhancing their understanding of the relevant parts of the Manual. The Textbook is one of the main

reference materials for training courses in balance of payments methodology.
