This cornerstone guidebook of the Chartered Market Technicianreg; Program will provide every advantage to passing Level III.About the AuthorFor over 40 years the Market Technicians Association has worked to advance the discipline of technical analysis. What started as a small group of sell-side analysts on Wall Street is now a global association of over 4,500 members in 85 countries. The mission of the Market Technicians Association is to establish and maintain the highest professional standards among technical analysts by educating the investment community about the theory, practice, and application of technical analysis.
