R.W. Thomas, Mark Wright : Construction Contract Claims (Building and Surveying Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Construction Contract Claims (Building and Surveying Series):

This book confronts the difficult problems that arise in claim situations. There is extensive reference to UK and international case law, and a systematic approach to various types of claims, assisted by helpful explanatory diagrams.

Suitable for construction professionals and contractors, and undergraduate and postgraduate students.

About the AuthorReg Thomas was an Executive Director of James R Knowles and has extensive international consulting experience throughout the world.Mark Wright is a construction lawyer and occasional lecturer who has spent more than 25 years in the construction dispute field.
