Professor John H Dunning : Global Capitalism at Bay (Routledge Studies in International Business and the World Economy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Global Capitalism at Bay (Routledge Studies in International Business and the World Economy):

In this collection of his latest essays, John H. Dunning - renowned authority in international business - elaborates his theories on the current situation of foreign direct investment and multinational enterprises. Global Capitalism at Bay considers the unique characteristics of contemporary capitalism, and what must be done if it is to survive and prosper

in the twenty first century.

'Dunning has done more than any other scholar to build the field of international business on similarly strong moral and theoretical foundations.' - Alan M. Rugman, Transnational Corporations
