Yongnian Zheng, John Wong : Goh Keng Swee on China:Selected Essays before purchasing it in order to gauge whether or not it would be worth my time, and all praised Goh Keng Swee on China:Selected Essays:

Touted as one of the main engineers of Singapore's economic growth, Dr Goh's collection of writings and speeches seek to shed light on the various challenges that China faced in the early 90s. His arguments and analyses were presented clearly and concisely while being firmly established upon economic principles. Covering a broad range of topics from the growth of industries and enterprises to financial reforms and the difficulties of doing business in

China, this collection provides a comprehensive view of problems the Chinese government faced while providing possible solutions. Despite being written two decades ago, the issues raised in these papers and speeches are uncannily relevant to the issues that the current Chinese government faces today. Contents: China's Economic Policies in a Historical Perspective America Looks at China Part I — After Deng, What? America Looks at China Part II — Future of Reforms America Looks at China Part III — Absorbing Modern Technology America Looks at China Part IV — Correcting Systemic Weaknesses Li Peng on China's State Enterprises Into the 21st century What's Gone Wrong with China? China's Coal Industry: Symptom of a Deeper Malaise of the Economy Doing Business in China The Awakening of Asia's Giant — China Readership: General readers, academics, professionals, students interested in China's economy.

From the Inside Flap Touted as one of the main engineers of Singapore's economic growth, Dr Goh's collection of writings and speeches seek to shed light on the various challenges that China faced in the early 90s. His arguments and analyses were presented clearly and concisely while being firmly established upon economic principles. Covering a broad range of topics from the growth of industries and enterprises to financial reforms and the difficulties of doing business in China, this collection provides a comprehensive view of problems the Chinese government faced while providing possible solutions. Despite being written two decades ago, the issues raised in these papers and speeches are uncannily relevant to the issues that the current Chinese government faces today. About the Author Dr John Wong's research interests focus on transnational business history. He received his PhD in History from Harvard University. He also holds a BA in Economics from the University of Chicago and an MBA from Stanford University. He worked for a number of years in investment banking and investment management and has earned the designation of Chartered Financial Analyst. In keeping with his research interests, his teaching centers on the transnational flow of culture, people and capital, with the Pearl River Delta as a major nexus.
