Solid Overview Combined with Specific Directions for How to ApplyBy Donald Mitchell"Oh, that I might have my request,That God would grant me the thing that I long for!" -- Job 6:8 (NKJV)If you are totally new to looking for grants, Grant Writing for Dummies will save you a lot of time, effort, frustration, headaches, and expense. I have been dabbling in grant writing and knew that I was over my head. Any chapter of this well-thought-out book will be worth the book's cost to you.I particularly liked the idea of becoming a grant reviewer, as a way to obtain a keener understanding of the decision-making process.I was pleased to see that the book contains a complete example of a grant application narrative, which I found to be very helpful.In addition, the author refers readers to lots of free resources (both online and off) that are sure to yield better opportunities.I don't know how successful my future efforts will be, but I can at least be sure to be working on the right things in the right ways.Thanks Dr. Browning!0 of 0 people found the following review helpful.
