Dan W. Blacharski : How and Where to Locate the Merchandise to Sell on eBay: Insider Information You Need to Know from the Experts Who Do It Every Day before purchasing it in order to gage whether or not it would be worth my time, and all praised How and Where to Locate the Merchandise to Sell on eBay: Insider Information You Need to Know from the Experts Who Do It Every Day:

5 of 5 people found the following review helpful. Good book for beginners to selling on EbayBy TonyCThis is a good book if you are someone who is completely new to selling things on EBAY. It gives you a lot of general information about where to find things to sell on EBAY and not much more. If you are someone who already sells things on EBAY then you probably won't learn anything new from this book. My biggest problem with the book is that the directory in the back that is supposed to give you sources to wholesale products has a lot of businesses that are no longer in business. Also, a lot of the sources that are still around are not very good sources. So you are out of luck if you want any specific sources.Overall, you should get the book if your completely new to finding things to sell on EBAY. Otherwise, your probably wasting your time.3 of 3 people found the following review helpful. Keep your money.By Douglas MA simple search of the internet will reveal a vast amount of knowledge and advice about selling on eBay. Add a little more research and you'll find sellable products, and all for free. Can't believe I wasted my money buying this.0 of 0 people found the following review helpful. This book was mainly about how to buy huge lots ...By Kristen B.This book was mainly about how to buy huge lots of merchandise, and most of them are auctions. Need a lot of money up-front to go this route!

Entrepreneurs in record numbers are setting up shop on eBay, according to a recent survey conducted for eBay by ACNielsen Media Research International. More than 724,000 Americans report that eBay is their primary or secondary source of income. In addition to these professional eBay sellers, another 1.5 million individuals say they supplement their income by selling on eBay, according to the survey. In recent years, eBay members in the United States sold merchandise worth approximately \$10.6 billion.As you can see, finding the customers is not a problem locating quality items to sell, is the challenge. So what do you do when you are done cleaning out your closet and attics? Where do you find the merchandise you need to sell on eBay? That's precisely what this new book is about: where to find products that you can buy for a few cents on the dollar and resell for massive profits! This book is intended for online sellers who want to build a business that can be increased over time by selling primarily new merchandise in quantity. You will be provided detailed insider information on: wholesalers, drop shippers, auctions, closeouts, discontinued merchandise, overstocks, salvage items, surplus merchandise, below wholesale products, customer returns, wholesale trade shows, suppliers, liquidators, close out firms, foreign and domestic manufacturers, and places to look in your area. In short you will learn to become a product sourcing pro and make money on eBay with products including: clothing, mixed lots, electronics, tools, furniture, general mixed merchandise, domestics, housewares, antiques, books, shoes, jewelry, toys, gifts, sporting goods, hardware, and much more.Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. As an eight-year veteran eBay PowerSeller, eBay Education Specialist, Registered Trading Assistant, and founder of The Dallas eBayers eMales, world's largest eBay Seller's Meetup Group, I am very familiar with and have read almost every eBay book that's ever been published. Most of these books only cover the basic how-to elements of eBay and do not zero in on eBay sellers and their specific needs. How and Where to Locate the Merchandise to Sell on eBay provides answers to the one question I get asked most by my students, Where do I find merchandise to sell on eBay? This book is rich with attitude adjustments to achieve success with no sales experience. No other book delves into finding a niche market and enjoying long-term online business mastery with no specialized training or education. -- Stephanie Inge; eBay Education Specialist; Certified eBay Instructor; eBay Registered Trading AssistantAbout the AuthorMichael P. Lujanac received his Associate's Degree in Marketing from the Harrisburg Area Community College and attended the Capitol Campus of Pennsylvania State University. As he relates his meandering sales career in this book, his natural bent for recognizing a niche market and filling it led to his listing of coffee and then computers, computer parts on eBay, and books on Half.com, and Abebooks. ABOUT THE CO-AUTHOR: Dan Blacharski has been a professional writer and online entrepreneur for over 15 years, and is a graduate of the University of California, Santa Cruz. He has written eight books and has ghost-written several others; has produced thousands of print and online features, articles and columns; and has helped many Internet companies jump into the fray. A refugee from Silicon Valley, Dan was there during the "dotcom boom," witnessing first-hand the incredible rise and fall of countless empires, and gaining insight into what makes a new-era Internet company succeed or fail. He worked directly with many of these companies, helping them to refine their messaging. Currently, he is also a contributing

analyst for Compass Intelligence, a virtual think tank that provides world-class market analytics research.
