**Nicole Augenti : How to Start a Home-based Online Retail Business, 2nd (Home-Based Business Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised **How to Start a Home-based Online Retail Business, 2nd (Home-Based Business Series)**:

4 of 4 people found the following review helpful. Good book!By raymey7I bought this book as a primer on starting my online business. I liked it a lot, but some of the information was intuitive. I could see where it would be extremely helpful for someone who hasn't grown up around technology or isn't involved in social media, but I skimmed those chapters. It had a lot of helpful information and had a good use of real-world examples to pair with the instruction. It's a good outline for someone who is looking to start his or her own business and may be a little nervous or just want an idea of what he or she is getting him/herself into.1 of 4 people found the following review helpful. Thank you for the great book!By Christina S BoreskeThis was a great addition to my book collection. It really explained what I wanted to know and I made some great notes from it as well!3 of 8 people found the following review helpful. Great book!By

DecoDealerThis book is inspirational, yet gives you the tools to succeed in your online business. I'm happy with my purchase!

Everything you need to know to run a profitable and satisfying online retail business from your home.

"[C]ombines basic start-up information with topics like the importance of bringing passion to your side business and making time for a personal life. . . . Friendly advice from the trenches."
