Todd Whitaker : Shifting the Monkey: The Art of Protecting Good People From Liars, Criers, and Other Slackers before purchasing it in order to gage whether or not it would be worth my time, and all praised Shifting the Monkey: The Art of Protecting Good People From Liars, Criers, and Other Slackers:

2 of 2 people found the following review helpful. Great book
By Mike
This book offers some commonsense advice and strategies and dealing with people from a leadership perspective. It is a short and easy read and I would highly recommend it for anyone looking to improve their leadership style.
0 of 0 people found the following review helpful. This is a good read
By East Aurora Shopper
This is a thoughtful quick read for any manager, leader, or school administrator. Its not bad for a worker in an office either. It clearly explains a dynamic that can occur in any working relationship where someone takes on responsibilities that really belong somewhere else. It is well written and I found it humorous - I could identify people that I work with that fall into roles that were described.
It was a good read, and would make a good gift for a stressed out boss.
0 of 0 people found the following review helpful. Good message.
By Diana D.
It's okay. The message was good, but a little monotonous reading. It's made me think before I act, and that's always a good thing.

Poor employees get a disproportionate amount of attention. Why? Because they complain the loudest, create the greatest disruptions, and rely on others to assume the responsibilities that they shirk. Learn how to focus on your good employees first, and help them shift these "monkeys" back to the underperformers. Through a simple but brilliant metaphor, the author helps you reinvigorate your staff and transform your organization.

Shifting the Monkey is one of those rare books that really challenges you to think differently. Dana Altman, Head Men's Basketball Coach, University of Oregon A great book . . . gives good perspective for dealing with the difficult employee. I highly recommend this book for all people who direct and manage others. --William C. McIlroy, President of the Community State Bank of Missouri, Bowling Green, Missouri
