Veechi Curtis : Small Business For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Small Business For Dummies:

0 of 0 people found the following review helpful. Extremely Useful
By Belinda Petchell
This happened to be the right book at the right time. I initially borrowed it from my local library, without high expectations. There was so much info in there that I found very useful. So I went and bought the book. It has helped me complete my business plan, get my website up and running with useful keywords and now I'm busy working on my marketing plan.
0 of 0 people found the following review helpful. This book is a good starting point
By M Helwig
This book is a good starting point. It has a lighthearted approach that gives you the enthusiasm to give small business a chance.
0 of 0 people found the following review helpful. Fantastic!
By Kate
Great book. Will definitely keep it and refer back to it later. Easy to understand and interesting to read. Thank you.
