Data is extremely helpful especially in the area of legal requirements for a business. Thank you to the authors for assembling this work as it makes it much easier to create a plan on creating my own business. 0 of 0 people found the following review helpful. Good big book to get you started. By constantlyonthemove This book has definitely helped me start building my company. It has all the basics to help you build your company, market it, and help with the build of your website. I found my website builder didn't offer much, especially when it comes to putting policies on the site, and this book helped me make great suggestions for other future companies using their website building platform. 0 of 0 people found the following review helpful. Would recommend to a friend. By Ebz Love it! Has lots of useful information terminology. Its formatted in sections which helps a lot. I would recommend this book to anyone that wants to start a business.
