Nothing special about this mandatory digital text for my masters ...By MartymanNothing special about this mandatory digital text for my masters class. The only issue is the way the chapters are separated/accessed during use. with out the page numbers, it is difficult to get to the same place the rest of the class has been directed to go to with out bookmarks0 of 0 people found the following review helpful. Not In

"New" condition as advertised. Book has stained and discolored pages and bits of trash on some pages. Not a "new" book as advertised. Would have returned it but did not have time before class started but do want to complain because these books are very expensive and you should get better when paying prime prices. 0 of 0 people found the following review helpful. A Strategic planning that guides you through the process establishing ...By Folad Y. Aurangzib  
A Strategic planning that guides you through the process establishing organizational long term plan. it defines it step by step, and direct the leaders to making decisions on allocating its resources to pursue this strategy.

When it was first published more than sixteen years ago, John Bryson's Strategic Planning for Public and Nonprofit Organizations introduced a new and thoughtful strategic planning model. Since then it has become the standard reference in the field. In this completely revised third edition, Bryson updates his perennial bestseller to help today's leaders enhance organizational effectiveness. This new edition: Features the Strategy Change Cycle—a proven planning process used by a large number of organizations Offers detailed guidance on implementing the planning process and includes specific tools and techniques to make the process work in any organization Introduces new material on creating public value, stakeholder analysis, strategy mapping, balanced scorecards, collaboration, and more Includes information about the organizational designs that will encourage strategic thought and action throughout the entire organization Contains a wealth of updated examples and cases
