people like me who feel inadequate and overly cautious, but have such a love for what we do and a drive to never give up. People need to know that others have gone before them, and had the courage to pursue their dreams and passions. It's what makes your dreams tangible and achievable! They're not a whole lot different than we are, and to me, that means I can do it too. The stories inspire me beyond what words can express. I LOVE this book! 0 of 0 people found the following review helpful. great motivational read By Brian Whaley enjoyed the diverse stories and writing styles. inspiring book for sure. By The James I first read started reading Ken McElroy's books a few years back and thought them insightful, but also funny and enjoyable to read much of the time. Ken himself is no exception as I finally met him in Edmonton this year. There is a lot of wisdom in his books and if you're prepared to keep an open mind, you'll grow a lot from the reading experience. I know you'll enjoy this book from start to finish.

The idea behind *The Sleeping Giant*, Ken's fourth book, is to help inspire people to believe that they can be part of solving the world's economic problems by creating businesses - which in turn create financial freedom, job growth and reduce reliance on other sources. Entrepreneurship and self-empowerment are becoming the new American dream. *The Sleeping Giant* is awakening! A generation of self-employed entrepreneurs are ditching the corporate ladder and creating their own destiny. They're the new Business Class - an army of self-employed entrepreneurs millions strong living out their passions and changing the world by creating jobs and prosperity. This book brings together 20 entrepreneurs, each sharing their powerful and inspiring stories of how they found success through self-empowerment. Each one started with an idea - and most had no experience and no money. Yet their stories are of lives of freedom, passion and fulfillment.

Ken McElroy has written an insightful book based on entrepreneurship that deserves to be read. Times have changed and *The Sleeping Giant* makes that very clear. McElroy addresses the entrepreneurial spirit and provides a great tool for entrepreneurs and hopeful entrepreneurs. --Donald Trump About the Author Ken is the author of the bestselling books *ABCs of Real Estate Investing*, *The Advanced Guide to Real Estate Investing*, and *ABCs of Property Management in the Rich Dad Advisor* series.
