Antonia Juhasz : The Tyranny of Oil: The World's Most Powerful Industry--and What We Must Do to Stop It before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Tyranny of Oil: The World's Most Powerful Industry--and What We Must Do to Stop It:

1 of 1 people found the following review helpful. Our Government Failure By C. K. Reasor The writer has done an excellent job pointing the failures of our current government to keep the balance between industry and the people. She very well shows how our government has been bought and paid for by the giant Oil companies and the failure of the

US to prevent the monopolies from forming again by ignoring the anti-trust laws. A must read for anybody who cares about the future of America.0 of 0 people found the following review helpful. EducationalBy Reyna TannerGood book educational2 of 2 people found the following review helpful. Chevron ordered Bush to attack Iraq! This book is spot onBy John T. KristlShe takes you through the history of oil and the tyranny from the beginning to the present and the Iraq war for oil ordered by Chevron (she reveals her source). Great book and very well written.
